TRIED & TRUSTED OUR PROTEUS SYSTEM TICKS ALL THE BOXES!

With our experience of innovative solutions for the pipeline inspection industry extending back over 20 years, we have created our most advanced, most capable, most feature-rich system. Proteus™ has been designed to meet your needs in the real world: a system which is highly affordable, reliable, and fully supported by experienced engineers and our “How To” video built-in support. The Proteus system is highly expandable and - most importantly - future proof.

All Proteus crawlers feature CAN bus technology, allowing communication directly between each piece of attached equipment, and can relay control and status information such as activity, speed, pressure, inclination and temperature.

The Proteus range includes a *Lite* system (page 15), which brings together, the well proven performance and reliability of the Proteus family, in a value for money, entry level system. Proteus Lite is the ideal starter kit for a one-man operation, integration into a small inspection van, or a low-cost option for larger companies to use for off-road, remote locations.

Designed and developed in-house, Mini-Cam's Proteus crawlers are now one of the industry's leading systems in daily use, both in the UK and in over 35 countries worldwide. The systems can be installed as part of our Custom Van-Fit service, or be fully portable with the Proteus Portable Storage Trolley (page 41) and the Proteus Power Battery Pack (page 37), giving up to five hours inspection time in a highly compact solution.

**START
PLANNING YOUR
PROTEUS SYSTEM**
CHECK OUT THE
CONFIGURATION
CHART ON
PAGE 06

With five crawlers, six cameras, two compatible coilers and over twenty accessories, the Proteus system can be configured to perfectly meet your requirements. As your business grows simply add more components from the Proteus range to your kit, enabling you to significantly increase your inspection capabilities for larger diameter pipes and tricky, challenging environments. No matter what the pipe diameter, Proteus crawlers are rugged, agile and rapidly responsive to your commands.

The example shown here demonstrates the scope of the Proteus system. The compact size of our smallest CRP90 crawler allows it to easily survey relined 100mm pipes, while the CRP300 crawler, the largest in the range, with the optional CEP300 Camera Elevation Platform, centres the camera in an impressive 2200mm pipe diameter. For mid-size inspections, there are countless configurations possible with our CRP150, CPL150 and CRP140 Crawlers (page 12) - which one will you drive?

CRP300

Engineered to perform reliably in challenging conditions

Designed for larger pipe diameters with high flow rates, this heavy duty crawler makes easy work of inspections in more difficult environments.

ALL STANDARD FEATURES INCLUDED PLUS

- 6 x QRWX140SR 140mm Rubber Wheels
- Motorised Elevator - Range 135-398mm
- Heavy Duty Rear Connector

OPTIONAL

- Wide Axle Balloon Wheels (page 34)

Technical Specifications	
Product Code	CRP300
Pipe Sizes	from 300mm - 1000mm to 2200mm with Elevation Platform CEP300 (page 45)
Weight	32.0kg

CRP150

Highly flexible, modular mid-size crawler

For pipes from 150mm up to 600mm. With the optional PCC01 Crawler Cradle it can even be used in pipes up to 1000mm diameter.

ALL STANDARD FEATURES INCLUDED PLUS

- 6 x QRWX90SR 90mm Rubber Wheels
- Manual Elevator - Range 70-257mm
- Heavy Duty Rear Connector

OPTIONAL

- Carbide Wheels (page 34)
- High Grip Wheel (page 34)

Technical Specifications	
Product Code	CRP150
Pipe Sizes	from 150mm - 600mm to 1000mm with PCC01 Crawler Cradle (page 39)
Weight	9.25kg

CPL150

Entry level, mid-size crawler with manual elevator

The perfect companion to the RMPL250 Reel (page 15). CPL150 has the same professional grade quality, reliability and accuracy as our mainline Proteus crawlers.

ALL STANDARD FEATURES INCLUDED PLUS

- 6 x QRWX90SR 90mm Rubber Wheels
- Manual Elevator - Range 60-112mm
- Heavy Duty Rear Connector

OPTIONAL

- Multi-Frequency Sonde
- Inclination Sensor
- Carbide Wheels (page 34)
- High Grip Wheel (page 34)

Technical Specifications	
Product Code	CPL150
Pipe Sizes	from 150mm - 400mm to 1000mm with PCC01 Crawler Cradle (page 39)
Weight	9kg

CRP140

Sophisticated mid-size crawler modelled on the CRP150

For pipes from 140mm (even in a relined pipe) up to 600mm, with the optional PCC01 Crawler Cradle it can even be used in pipes up to 1000mm diameter.

ALL STANDARD FEATURES INCLUDED PLUS

- x QRWX90SR 90mm Rubber Wheels
- Motorised Elevator - Range 54-205mm
- Articulated 'Knuckle' Connector

OPTIONAL

- Carbide Wheels (page 34)
- High Grip Wheel (page 34)

Technical Specifications	
Product Code	CRP140
Pipe Sizes	from 140mm - 600mm to 1000mm with PCC01 Crawler Cradle (page 39)
Weight	9.5kg

CRP90

Massive capabilities Skilfully miniaturised

CRP90's compact size allows it to easily survey relined 100mm pipes. The motorised elevator enables the camera to be centred in pipes of up to 225mm diameter.

ALL STANDARD FEATURES INCLUDED PLUS

- 6 x QRWX60SR 60mm Rubber Wheels
- Motorised Elevator - Range 40-77mm
- Articulated 'Knuckle' Connector

OPTIONAL

- Carbide Wheels (page 34)
- High Grip Wheel (page 34)

Technical Specifications	
Product Code	CRP90
Pipe Sizes	90mm - 225mm
Weight	4.50kg

Mini-Cam's *Proteus Lite* brings together, the well proven performance and reliability of the Proteus family, in a value for money, entry level system.

Designed and developed in-house, Proteus Lite is the ideal starter kit for a one-man operation, integration into a small inspection van, or a low-cost option for larger companies to use for off-road, remote locations. Proteus Lite provides all the resources required to undertake efficient, easy to perform inspections, and with *ProPIPE+*, *WinCan Embedded* and *WinCan Web* software as standard, you can deliver accurate, detailed reports, instantly on-site.

Future proof and totally modular, when your business budget allows, simply upgrade your Proteus Lite with a larger or smaller crawler, extra cameras and auxiliary lights, or one of the many other Proteus compatible accessories available.

Friction Brake / Hand Brake

2-Step Quick Release Meterage Rollers

Fold-away/Removable Handle

MUCH MORE THAN MEETS THE EYE.

Feature rich, Mini-Cam's CCU208 Control Unit has twin integral joysticks for camera control and crawler manoeuvrability, and an ergonomic soft-touch keypad. User friendly multi-function hot keys control an intuitive on-screen display, to enable quick and accurate navigation of the numerous features which all come as standard on the brain of the Proteus system.

Functionality at your fingertips.

FUNCTIONALITY AT YOUR FINGERTIPS

Use the Proteus control unit to view, record and annotate inspection footage from any composite video source.

Control Meterage

Accurately set the meterage zero offset using the meterage key.

00.0

Sonde Settings

Set the frequency of the sonde transmitter to 33kHz, 512Hz or 640Hz.

Hot Keys

User friendly, multi-function hot keys control an intuitive on-screen display of the numerous features.

Survey Features

Access embedded reporting software to create detailed on-site reports

Generate Reports

Use ProPIPE+ Reporting software to create a detailed inspection report with a pipe graph to pinpoint defects.

PDF

Internal Batteries

The Proteus CCU includes internal batteries so that it can be used autonomously to view inspection reports and video.

Setup & Configure Preferences

Easily and quickly configure the Proteus CCU to your specific requirements using the various menu options. Set language, date and time; establish file formats and naming conventions; adjust camera parameters; choose interface theme, enable power saving options and update firmware.

Capture Footage

Record MPEG video and JPEG images, and zoom up to 3X on video playback.

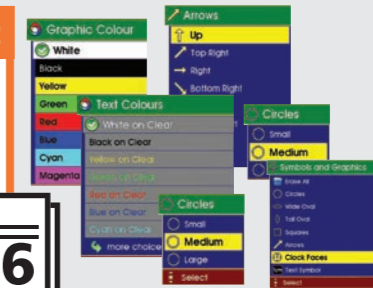

Write Screen Text

Type and store up to 16 pages of on-screen text. Customize text colour, position and background colour.

T

16

Joystick Controls

The left hand joystick controls crawler manoeuvrability. Movement of the Pan & Rotate camera is smooth and effortless using the right hand joystick control. Perform a 360° endless rotation and pan the camera +/- 135°.

Share Files

WiFi enabled to allow remote access to stored images and data. Users can instantly share PDF reports, images and footage via email, or upload WinCan Reports via the Cloud to WinCan Web for secure, immediate team-wide access online.

Illumination

Increase or decrease the intensity of the ultra-bright camera LEDs

Alternative Languages

Proteus is currently available with keyboards in English, French, German and Russian

Review Footage

Organize videos and images into folders, then find them using the thumbnail gallery. Review media using standard controls.

Screens Intensity

The brightness, colour and backlight intensity of the internal display can be adjusted to suit the environment in which the system is being used.

Offload Data

Copy reports, video and images to USB or SDHC media for easy transfer to PC and seamless integration with WinCan reporting and querying capabilities.

REPORTING SOFTWARE

ProPIPE+ reporting software, developed by our in-house team of software engineers, enables accurate inspection of sewers with easy post-processing of inspection data. The newly released version generates PDF files and allows users to create professionally presented, detailed reports with illustrated pipe graphs and screen shots, and also features a file sharing feature (see opposite)

Uncomplicated and efficient, ProPIPE+, WinCan Embedded and WinCan Web software is pre-installed as standard on the Proteus control unit, giving the ability to create comprehensive inspection reports on site and instantly share them with colleagues and customers. This gets the results to the client faster, making your business ultra efficient, reducing your administration costs and eliminating those long hours in the office.

Mini-Cam's Proteus control unit is WiFi enabled to allow remote access to stored images and data. Users can simply drag and drop files from control unit to PC, or upload to the Cloud directly on-site. ProPIPE+ doesn't require any additional software to view reports on a PC, simply open the file in Microsoft® Word.

ProPIPE+ and WinCan Embedded software comes pre-installed as standard on Proteus systems

- SAVE TIME AND MONEY
- CREATE A FULL REPORT INSTANTLY, ON-SITE
- ABILITY TO CREATE CUSTOMER SPECIFIC REPORT TEMPLATES
- GENERATE PDF REPORTS
- RE-DESIGNED PAGES FOR EASIER READING
- DETAILED PIPE GRAPH PINPOINTS DEFECTS
- SHARE FILES VIA EMAIL

- DATABASE CAPABILITIES
- WRc3, WRc4 & WRc5 COMPLIANCE

PRECISION CAMERAS FOR OPTICAL EXCELLENCE

Highest quality components are used in our camera designs, and our skilled technicians assemble and rigorously test the cameras at our UK production facility. Built for longevity, the cameras are rugged, with robust and precise connectors, and are engineered to perform with excellent optical qualities.

CAM028 Pan, Rotate & Zoom Camera with Dual Lasers for diameter and defect measurements

CAM025 AXIAL CAMERA

A Mini-Cam best seller, the CAM025 Self-Levelling Axial camera performs reliably in daily use. The stainless steel housing with flexible spring and heavy duty connector

features four high powered, ultra-bright LED lights and a hard wearing, scratch resistant sapphire glass to protect the camera lens.

Axial Camera

Product Code	CAM025
--------------	--------

See page 49 for technical specification

PAN & ROTATE CAM026

Mini-Cam's CAM026 Pan & Rotate camera features continuous 360° rotation and +/-135°pan. Our signature dual clusters of three high powered

ultra-bright LED lights provide optimum illumination for better clarity of images, and hard wearing, scratch resistant sapphire glass protects the camera lens.

Pan & Rotate Camera

Product Code	CAM026
--------------	--------

See page 49 for technical specification

Selected cameras from Mini-Cam's range are available in ATEX Zone 2 Certified versions (page 32)

CAM027 Axial Camera

ALN300 Auxiliary Light

ALB300 Aux Light with Backeye

CAM028 PAN, ROTATE & ZOOM CAMERA

Designed and manufactured to our enviable standards, the big-brother to our smaller CAM026 Pan and Rotate this larger, rugged built camera features our signature dual clusters of three powerful, ultra-bright LEDs for maximum illumination, and dual lasers for diameter and defect measurement. Shutter-free horizontal and vertical viewing is smooth and easy with the full 360° pan and rotate function, and our unique quick install connector makes getting ready for pipeline inspection as easy as twist-and-lock.

MOTORISED REEL RAP300•200

BLUETOOTH® CONTROLLERS

RJP Joystick Controller

RCP4 4 Button Controller

Built to the same exacting standards as our manual cable reels, these labour saving motorised reels are sturdy, rugged and built to perform reliably efficient pipeline inspections.

Mini-Cam motorised cable reels are designed for easy one-person operation in remote locations. The reels are fitted with high tensile strength Kevlar reinforced inspection cable. The ultra-smooth operation is provided by the powerful three phase motor and cable layering mechanism for uninterrupted, tangle free pay-out and re-winding. A rigid, clear safety screen prevents contact with the cable whilst coiling.

The reel is operated using the dedicated keys and intuitive on-screen display on the Proteus CCU.

Cable Reel

In the event of an emergency, the reel also features an emergency stop button. The specialised crawler connector provides a waterproof seal and there's a removable drip tray for easy cleaning and maintenance.

Two optional hand-held Bluetooth® controllers are available to remotely control paying-out and rewinding cable, and crawler movement. Choose from the 4 button or Joystick version.

Motorised reels are available in 2 sizes – Large 300m and Small 200m. The 200m reel has secure fixing points for fitting to our PTP01 Portable Storage Trolley (see page 41). Both reels are ideal for being installed in our SurveyPro CCTV Van Fit.

For more information on Mini-Cam Custom Van-fits visit minicam.co.uk/custom-van-fits

MANUAL REEL RMP300•200•100

Sturdy, rugged and built to withstand harsh environments. Mini-Cam manual cable reels are compact, portable and easy to use. The robust powder coated frame houses high tensile strength Kevlar reinforced inspection cable.

Smooth pay-out and re-winding is performance enhanced by the cable layering mechanism and durable heavy duty turning handle. The specialised crawler connector provides a water-proof seal and there's a removable drip tray for easy cleaning and maintenance.

The reels are available in 3 sizes: small 100m, mid-size 200m and large 300m reels. The small and mid-size reels can be fitted to our Portable PTP01 Storage Trolley (shown right) and on page 41, and the large reel is ideal for being installed as part of our SurveyPro CCTV Van. LATERAL PIN KIT

Smooth inspection of incoming laterals

For use with the CAM026 Pan & Rotate camera when attached to the CCP60/100 Compatible Coiler. Simply attach the pin to allow the inspection of incoming lateral pipes. The pin adjusts the direction, and guides the camera smoothly along the pipe. The kit comes with three sizes of pin: small 150mm, medium 225mm and large 300mm. Fixings and instruction included.

COMPATIBLE COILER ACCESSORY

ROLLER SKIDS

Optimize your view

Roller skids expand the Compatible Coiler for use in 150mm to 450mm pipelines. The three pivoting arms with specially shaped nylon wheels adjust to fit the required pipe diameter, keeping the camera head centred in the pipeline at all times, allowing it to negotiate multiple corners and bends. Manufactured from stainless steel and ABS plastic, the device is sturdy, rugged and corrosion resistant to withstand the punishment of daily field work. No tools or manual adjustments are required

COMPATIBLE COILER ACCESSORY

COMPATIBLE COILER

Companion accessory to the Proteus system

Push rod coiler CCP60R with removable CAM025 Self Levelling Axial camera head, designed to plug directly into the Proteus CCU. Also available as CCP60D (Duo) allowing a CAM026 Pan & Rotate camera to be attached. Robust construction with mobility wheels and a durable powder coated finish.

Centering skids optimize your view in pipes 75mm and larger. The CCP coiler comes complete with a set of three skids and a removal tool.

ATEX APPROVED

UNCOMPROMISING PERFORMANCE AND SAFETY

Proteus™ ATEX crawlers have been engineered, built and tested for safe use in some of the most dangerous situations, without compromising on any of the features and benefits of our other Proteus crawlers. All our crawlers are available in ATEX approved versions which make working in ZONE 2 and other explosion-risk environments much easier and safer than alternative methods, giving you a clear, sharp eye into the unknown, without introducing risk through use of electronic devices.

ATEX crawlers have all the features, functionality and agility of the standard versions, and offer the same professional-grade quality, reliability and accuracy our customers expect from the Proteus brand.

The Proteus ATEX crawlers feature as standard: built-in height adjustment, multi-frequency SONDE, lowering device, and variable wheel size options using our unique quick-release locking system.

RIGHT: **CRP150EX** Crawler
CAM026EX Pan & Rotate Camera
QRW140HG/150 140mm High Grip Wheels
QRW90R/150 90mm Soft Rubber Wheels

CRAWLER WHEELS

Our specially designed wheels offer significant performance benefits in various pipe diameters and for specific operating conditions.

SOFT BLACK RUBBER

Black, soft rubber tyres developed to provide improved traction in regular pipes.

Available in four sizes and Wide Axle

IMPROVED TRACTION

HIGH GRIP

Hard wearing carborundum manufactured with a deep bevel profile to provide improved traction in wet and greasy pipes.

Available in three sizes and Wide Axle

FOR WET & GREASY PIPES

CARBIDE

Fragmented copper particles fused to an heavy duty stainless steel body.

Available in four sizes and Wide Axle

FOR PLASTIC PIPES

PNEUMATIC BALLOON

Heavy duty, 250mm wide tyres designed to improve performance on our large Proteus CRP300 crawler. Optional for Crawler Cradle PCC01.

Available in one size and Wide Axle

RUGGED HEAVY DUTY

QUICK RELEASE LOCK

Proteus crawlers feature Mini-Cam's unique, patented wheel lock device. This makes it easy to change the crawler wheel type to suit the size and condition of the pipe. Using the supplied 4mm Hex T-Bar driver, the operation is quick and simple with no other tools required.

[YouTube](#) View the Changing Wheels "HOW-TO" video at [MinicamTubeUK](#)

WIDE AXLE WHEELS

Extend the capability of your crawler. Quick and easy to attach, wide axle wheels provide instant extra width for inspections in wider pipe diameters.

Wide axle wheels are available in Soft Black Rubber, Carbide and High Grip

CCU TILTING TABLE

Customise the CCU position to suit the needs of the user

Quick and easy to attach, the *Tilting Table* allows adjustment of the control unit position, to give the user optimal screen viewing and keyboard positions. The table can be tilted 35° forwards and 75° backwards, with a full unobstructed 360° horizontal rotation. No tools are required, simply attach using the adjustable clamps.

Technical Specifications	
Product Code	TTC01
Dimensions LxWxH	350 x 300 x 270mm
Weight	3kg

FLOATATION RAFT

Pipe inspection in flowing water just got easier!

Eliminate the need for man-entry. The raft features three powerful angled auxiliary LED ultra-bright light modules, to illuminate pipes in excess of 2000mm. Small enough to be lowered down most common sizes of manhole cover, the compact design allows inspection capabilities in pipes from 600mm. An in-built lowering loop makes for quick and easy deployment and retrieval, and the floatation plate ensures the device is perfectly balanced to eliminate rolling.

SIMPLY PLUG & PLAY* WITH AN EXISTING PROTEUS SYSTEM

Technical Specifications	
Product Code	FRP01
Dimensions LxWxH	680 x 420 x 200mm
Weight (without camera)	5.8kg
IP Rating	IP68

*Additional software may be required

PROTEUS POWER BATTERY PACK

Portable power... where will it take you?

No need to rely on vehicle or mains power. Mini-Cam's unique Proteus Power Battery Pack enables pipeline inspections in the most remote locations with in excess of 5 hours inspection time*. The rugged pack is quick

Please Note: Charging unit shown above for illustration only, not included with Proteus Power Pack. Charging Unit purchased separately. *Battery life dependant on operating conditions.

Technical Specifications	
Product Code	BPP24
Dimensions L x W x H	280 x 100 x 120mm
Weight	4kg
Optional	Carry Case

Dangerous goods shipping conformity required - please contact us for details

and easy to connect and features output short circuit protection and LED charge status indication. The battery is charged using the standard Proteus power supply unit.

OPTIONAL EASY ACCESS CARRY CASE

CABLE GUIDE PULLEY

For smooth guiding of inspection cable during survey

Reduces wear by preventing kinks and chaffing, and assists in the smooth guiding of inspection cable during your survey. Comes complete with 12metres of rope and features a quick release mechanism to aid feeding the cable through the rollers.

QUICK RELEASE MECHANISM

Technical Specifications

Product Code	CGP01
Dimensions LxWxH	485 x 75 x 105mm
Rope Length	12metres
Weight (inc rope)	2.8kg

MANHOLE TOP ROLLER

For smooth guiding of inspection cable during survey

Reduces wear by preventing kinks and chaffing, and assists in the smooth guiding of inspection cable during your survey. Fully adjustable to fit most manhole sizes.

Technical Specifications

Product Code	TRP01
Dimensions LxWxH	650 x 290 x 140mm
Weight	4.45kg

CRAWLER CRADLE

Improved inspection capabilities

The *Crawler Cradle* adapts Mini-Cam's CRP150, CPL150, and CRP140 crawlers for use in large diameter pipes. Versatile, quick and easy to attach, the cradle provides extra ground clearance enabling improved inspection capabilities in pipes and culverts up to 1000mm in diameter.

This robust, steerable, 4-wheel drive cradle is driven by the crawler, and features a unique gear selector, enabling the user to change between high speed and high torque operation. Exclusively compatible with Proteus CRP150, CPL150, and CRP140 crawlers, PCC01 comes supplied with four 220mm balloon wheels.

YouTube
View on our
YouTube Channel
MinicamTubeUK

For heavily silted pipes we recommend the optional 250mm Balloon Wheel (QRW250/150), which are also required to centralise the crawler in 1000mm diameter pipes.

UNIQUE GEAR SELECTOR

Technical Specifications

Product Code	PCC01
Compatibility	CRP150 / CPL150 / CRP140
Dimensions LxWxH	410 x 265 x 220mm
Weight	7.6kg
Fixings	2 Axle Adaptors & Bolts

CRAWLER CAMERA EXTENDER

Extends the camera position 100mm forwards

The *Crawler Camera Extender* moves the camera position 100mm forwards, extending the camera beyond the crawler. When the camera is positioned 90° downwards, this provides a view of the invert of pipeline, and not the crawler.

Technical Specifications

Product Code	CCE01
Dimensions LxWxH	115 x 50 x 50mm
Weight (inc rope)	302g

EXTRA WEIGHT PLATE

Extra downforce and traction for the crawler

Exclusively compatible with Proteus CRP150, CPL150 and CRP140 crawlers, the 2.5kg *Extra Weight Plate* gives the crawler extra downforce to allow for more traction in tricky pipe conditions. Quick to attach, the assembly is supplied with fixing bolts and washers.

Technical Specifications

Product Code	EWP01
Compatibility	CRP150 / CPL150 / CRP140
Dimensions LxWxH	264 x 80 x 14mm
Weight	2.5kg
Supplied with	Fixing Bolts & Washers

PORTABLE STORAGE TROLLEY

Complete mobility for your Proteus system

Eliminate health hazardous lifting, and time consuming carrying to your remote work site. Engineered to allow for the mobile operation of your Proteus Inspection System in difficult to reach areas, such as inside buildings, or other situations a distance away from your vehicle. The trolley securely holds everything you need to efficiently undertake your pipeline inspection. Simply wheel the unit to your location, connect a camera and crawler and you're up and running in minutes. With the added convenience of Mini-Cam's unique Proteus Power Pack (see page 37), there's no need to rely on generator or mains power. The power pack enables pipeline inspection in the most remote locations with up to 5 hours* inspection time.

Designed with simplicity in mind, the portable trolley will hold a Control Unit, Manual 100/200m or Motorised 200m Cable Reel, Proteus Power Battery Pack and a Protective Accessory Case, making the full Proteus system highly portable and suitable for one-man operation in remote locations.

Technical Specifications

Product Code	PTP01
Dimensions WxHxD	650 x 1150 x 750mm
Weight (unladen)	9.75kg

Please Note: Equipment shown on trolley not included with PTP01
*Battery life dependant on operating conditions.

REMOTE CONTROLLERS

Instant control with Bluetooth® wireless connectivity

The *4 Button Remote Control* and *Joystick Remote Control* are used to control a Crawler and Motorised Cable Reel using Bluetooth® wireless technology. The Motorised Cable Reel can be controlled directly without the presence of the Control Unit. A handy size and lightweight, the controllers are simple to use and have an internal battery life in excess of 2 years. Supplied with full instructions.

RCP4 4 Button Controller

RJP Joystick Controller

Technical Specifications		
Product Code	RCP4	RJP
Compatibility	RAP300/RAP200	RAP300/RAP200
Dimensions W x L x D mm	88 x 146 x 27mm	88 x 146 x 27mm
Weight	175g	175g

SEESNAKE® INTERFACE

Exclusively compatible with Mini-Cam Control Units

Sturdy and robust construction, the Mini-Cam SeeSnake® Interface unit quickly and easily connects the Rigid® SeeSnake® Standard and SeeSnake® Mini cameras to Mini-Cam's intuitive and advanced Proteus Control Units.

Also available to fit Mini-Cam SOLOPro+ Control Units Product Code: SSP02

Technical Specifications	
Product Code	SSP01
Compatibility	Proteus Control Unit
Dimensions WxLxD	50 x 268 x 40mm
Weight	115g

BRICK EGG STABILIZER

Eliminates rolling over of the crawler

A simple quick fit to our Proteus Crawler, the *Brick Egg Stabilizer* stops the crawler from rolling over during inspections in pipes with an egg-shaped profile. Exclusively compatible with Mini-Cam's Proteus CRP300, CRP150, CPL150 and CRP140 crawlers.

Compatibility:
BEP300 fits Proteus CRP300
BEP150/140 fits Proteus CRP150, CPL150 and CRP140

Technical Specifications	
Product Code	BEP300
Compatibility	CRP300
Dimensions LxWxH	450 x 190 x 220mm
Weight	2.95kg

Technical Specifications	
Product Code	BEP150/140
Compatibility	CRP150/CPL150/CRP140
Dimensions LxWxH	375 x 180 x 210mm
Weight	2.05kg

CABLE REEL GUIDE

Smooth friction-free cable guiding

Reduces friction and provides additional guidance for the cable when paying out and rewinding. Also brushes and cleans the cable when rewinding. Exclusively compatible with Mini-Cam Motorised and Manual 300 metre and 200 metre Cable Reels.

Technical Specifications		
Product Code	CGP300	CGP200
Compatibility	RAP300 / RMP300	RAP200 / RMP200
Dimensions LxWxH	540 x 490 x 175mm	540 x 370 x 175mm
Weight	3.5kg	2.9kg

VAN GUIDE PULLEY

Smooth friction-free cable guiding

Reduces friction and provides additional guidance for the cable when paying out and rewinding. Exclusively for use with Mini-Cam Motorised and Manual, 300 metre and 200 metre Cable Reels.

Technical Specifications	
Product Code	VGP01
Compatibility	RAP300/200 & RMP300/200

CAMERA ELEVATION PLATFORM

Increase your inspection capabilities

This telescopic elevator quickly attaches to the CRP300 Crawler and can be manually moved up or down to increase inspection capabilities up to 2200mm. Interface for cameras and auxiliary lights.

Technical Specifications	
Product Code	CEP300
Connections	Camera connection (front) Lifter connection (rear) 2 x additional lamp connections (side) 1 x additional lamp connection with Backeye Camera (top connector)
Top camera position	1090mm Top camera position (pipe centre) using pneumatic balloon wheels
Mid camera position	Approx 830mm Mid camera position (pipe centre) with extended plate
Low camera position	565mm Low camera position (pipe centre) with pneumatic wheels
Dimensions L x W x H	142 x 130 x 476 mm
Weight	5.7kg

REEL BRACKET

Use the reel as a CCU holder, for portability in remote areas

This lightweight tubular bracket is quick and easy to attach, using the bolts and washers supplied. The bracket holds the control unit firmly in place in a comfortable working position for the user. Available in 2 sizes.

Technical Specifications

Product Code	RBP01	RBP02
Compatibility	Fits 200m Reel	Fits 300m Reel
Dimensions LxWxH mm	350 x 215 x 118	430 x 215 x 118
Weight (inc fixings)	675g	735g

PRESSURE KIT

All you need to purge a Proteus crawler and camera head

Pressurisation is safe, quick and easy. Two kits are available: Standard CO₂ and a Nitrogen version for ATEX equipment. Supplied in a handy padded carry case.

Replacement cylinders can be purchased separately.

Technical Specifications

Product Code	Description
PKP01	Standard CO ₂ Pressure Kit
PKP02EX	ATEX Nitrogen Pressure Kit

PRO LASER

Pinpoint accurate laser profiling of pipes and sewers

ProLaser is the perfect partner for any CCTV inspection system and provides accurate analysis of the true pipe condition prior to and after rehabilitation.

Data Analysis and Delivery

The Mini-Cam Laser profiler has been designed to provide accurate and repeatable pipe geometry for many pipeline conditions. Simply attach the device to your CAM026 and WinCan will do the rest! All results are automatically calculated and can be delivered via WinCan. The WinCan software generates the report automatically, including diameter, ovality, capacity and also provides 3-dimensional XYZ-data.

WHY DO YOU NEED A PIPE PROFILER?

If you are a municipality, consulting engineer or contractor, the Profiler is a necessary tool for the analysis of the true pipe condition prior to and after rehabilitation. When used as a video survey tool it can provide accuracy up to 1mm when measuring pipe size, deformation, erosion encrustation, debris, grease, flows, lateral protrusion, surface damage and holes.

SERVICE SUPPORT FOR JUST WHEN YOU NEED US MOST

Mini-Cam's reputation for efficient, quality service is now mobile nationwide*. Our dedicated, highly skilled service technicians are available to offer routine maintenance and emergency repairs, both on-site and at your depot.

Our Service Support vehicle is stocked with a range of replacement parts and fault finding equipment that will cover most eventualities. Mini-Cam customers who need an urgent repair, can take advantage of this service.

- Competitive Pricing
- Rapid Service Turn-Around
- Loan equipment provided** whilst yours is repaired on-site
- Replacement parts readily available
- Minimize downtime

SERVICE SUPPORT LINE

For further information and to request a Service Support visit please contact:
Glenn Guest - Service Manager
Office: 01942 270524
8am – 5pm Monday to Friday
Email: servicevan@minicam.co.uk

*Service Support coverage is Mainland UK only and does not include Scottish Highlands, Scottish Islands, Isle of Wight, Isle of Man, Dublin, Eire, Channel Islands.**Subject to availability.

AFTER SALES SUPPORT WE ARE RIGHT BEHIND YOU ALL OF THE WAY!

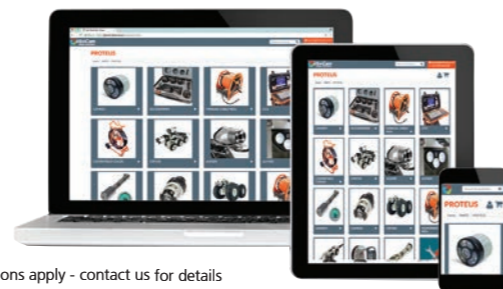

At Mini-Cam we pride ourselves on our commitment to always going the extra mile with our customer care.

After sales support and Service and Repair is available from 8am until 5pm Monday to Thursday, and 8am until 3.45pm on Friday.

Operator and Service Training is available to customers and their employees, at our UK headquarters, your company headquarters or your preferred location - contact us for full details and costs.

PARTS E-SHOP QUICK, EASY ONLINE ORDERING AND WORLDWIDE DELIVERY*

Appointed Mini-Cam Partners are given access to the online parts shop which has the full range of genuine Mini-Cam spares and accessories, all available to order online with same day despatch if ordered before 3pm*. The e-shop stocks parts for all Mini-Cam systems and equipment. www.minicam.co.uk

*Terms and conditions apply - contact us for details
